

# Climatic chamber CLIMAX 100, 120, 150, 200 TOUCH

Climax 100 Touch

Climax 120 Touch

Climax 150 Touch

Climax 200 Touch

### **Characteristics**

Display	7" Touch screen display						
Structure and Insulation	Sanitized pre-coated steel with bacteriostatic activity, white color- in/out (rust- corrosion-proof material); insulation polyurethane thickness 40 mm						
Door	Two glass doors with triple glass panels						
Light	Led type with adjustable brightness						
Controller	ECT-F TOUCH						
Castors/feet	100/120/150 have small castors and stabilizing feet and 200 has adjustable feet						
Alarms	Acoustic and Visual for temperature deviations and failures, with automatic recording						
<b>Data and Event recording</b>	10 years on SD card; last year on Flash-memory						
Temperature Graph	A customizable real time graphic always visible from the home page						
Connectivity	USB-SD-SIM port with frontal access ; Dry Contact; Serial ports RS485 and RJ45						
Temperature range	20°C - 24°C						
Battery	Rechargeable NiMh back-up batteries						
<b>Refrigeration Type</b>	Forced-air, ventilated						
Defrost	Automatic with automatic evaporation of the condensate water						

## TOUCH SCREEN HOME PAGE

- Internal chamber temperature
- Status of the equipment (cooling, pause..)
- Pre-set Set point
- High temperature –Low temperature pre-set limits Instant power consumptions values

Lmb Technologie GmbH Möslstr. 17 D-85445 Schwaig

Tel: +49-8122-88096-0 Fax:+49-8122-88096-60 www.lmb.de info@lmb.de

- Mains power level
- Real time graph of the refrigerator temperatures, customizable, to display up to three probes at the same time (probes: Ect-f controller, evaporator, condenser, and, if present, humidity probe; additional probe or product temperature simulation probe if Dmlp Touch is fitted)

## Climatic chamber CLIMAX 100, 120, 150, 200 TOUCH

### Software

- Software upgrade thanks to the USB frontal slot
- Capture 5.0 software: available into the SD Card for a quick reading of the recorded data and creation of customizable daily or weekly graphs

 External structure in pre-coated antibacterial sheet steel

Chernel 3+8

.....

2011 \* 00/11/2011 \*

- Internal structure stainless steel (100, 120); sanitized pre-coated steel with bacteriostatic activity, white color (150, 200 – opt.stainless steel)
- LED light (white color; blue light when Night and Day function is activated)
- Solid doors fitted with an integrated ergonomic anodized aluminum for a perfect grip
- Improved components featuring better performance and reduced power consumption
- Easier access to the condenser room (the cleaning of the condenser is now simpler for the end-user)
- Easier access to the technical compartment for service
