

Product technical data sheet

EMOTECA TWIN 1500 TOUCH

Cod. DMW1502 **Medical Device EMDN Z121701**

General features

Intended use	Refrigerator intended to store blood, fluids or body tissues for transfusion, administration or introduction into the body.
Temperature range	Adjustable +2°C / +6°C

+4°C | 0.1°C Factory setpoint | Increment

Ambient working class | Climatic From +16°C to +32°C | N-ST

Nominal capacity 1500 lt (52,97 cu ft)

Gross capacity | Net capacity 1355 lt (47,87 cu ft) | 1355 lt (47,87 cu ft)

Blood bags capacity (450 ml) 672 (with 14 drawers) External dimensions (WxDxH) 144x83x204 cm

Internal dimensions (WxDxH) 130x67x150 cm Net weight without any internal

223 kg fittings

Package dimensions | Weight

Insulation type

Feet

Door

Wooden crate on pallet 156x91x214 cm | weight 374 kg Monocoque type body, made of plasticized, non-toxic white steel

interior/exterior, coated with a special antibacterial-type film, or in Structure inner 18/10 Aisi 304 stainless steel. Rounded corners and tray-type inner bottom.

> High density (43 kg/m³) in-walls injected PUF, without any CFC, environmental-friendly, water-foam based.

Cardboard on pallet 148x86x214 cm | weight 359 kg

Insulation thickness 70 mm

No. 4 adjustable feet $No. 2\,doors\,made\,of\,tempered\,glass, triple\,thickness, self-closing\,thanks$

to the spring hinge and 90°stop position.

Digital lock, the door is opened by touching an icon on the display. The **Electric-digital lock with password** function may be password protected. Mechanical release key supplied protection for emergency opening.

Full LED, all length of inner chamber, automatic switching on at door Lightning

opening or from the display when the door is closed.

Energy saving functions Night & Day function

No. 14 fully extractible drawers made of aluminium, with dividers Provided drawers

(WxDxH): cm 15x60x7,5 (nr 3 compartments)

Defrigeration system

	Reingeration system
Cooling System	No. 2 cooling units with reciprocating operation, with 2 controllers and double security
Refrigeration	Professional, ventilated, forced, hermetic compressor type.
Defrost	Automatic, adaptive, with collection of condensate water
Refrigerant	Natural R290
GWP ODP	3 0

Disclaimer: Images are purely indicative. The features and the accessories of the products may differ according to model and application.

Electronic controller

Controller TOUCH controller

> Electronic controller, FULL TOUCH SCREEN 7" display, resolution 0,1°C, easily readable from the distance, with a real time temperature graph

and all operational data always available on the homepage.

ECT-F TOUCH controller activates alternatively the 2 compressors at each operating cycle and, in the event of a failure of the first one, it

switches cooling to the performing one.

Power switch Integrated in user's interface

Security features Settable user password

Visual and acoustic for temperature alarms failures such as:

Open door

High temperature

Low temperature

Power failure

Clogged condenser

Any functional failure/faulty parts

Visual, acoustic alarm and fully independent recording system, with accuracy 0,1 °C thanks to the PT100 probes used for temperature detection. DMLP will take over alarming function when installed as integrated module on the Ect-f Touch controller board. The module is fed by standard rechargeable batteries (power failure alarm batteries included) to register temperatures and events even in case of power

outage.

Full recording of 10 years data (temperature and alarms), even in case Temperature, data and event recording

of power failure, on SD card and I year on flash memory, with download

from USB port. Latest 32 events displayed on the screen.

Settable temperature limits alarms Yes

NTC type probes for controller board + PT100 for DMLP monitor board **Control sensors**

PT100 product temperature simulation probe

Safety thermostat Included, to prevent freezing and overheating

Connectivity for remote alarms

DMLP TOUCH Digital Monitor

Type of controller

Alarm system

External contacts (Ethernet+ potential free) terminal board transmission Modbus TCP/IP protocol available for data reading

USB, SD and RJ45. Data export

Electrical and functional data

Standard power supply 230V/1ph/50Hz Standard plug type Schuko type "G"

Compressor protection Overload Protector included

Power absorption/current kW 0,4 (Amp 1,8)

Inrush current Amp 6 Noise level <55 dBA Heat emission according to EN 12900 W 125

Hold over time at 20°C ambient (air) 6,5 h (from +5°C to +15°C)

Energy consumption at 20°C ambient 3 kWh/24h

Compliancy

Directive 93/42/EEC and following and subsequent modifications and integrations, Class II annex IX, with conformity to the transitional provisions to Regulation (EU) (EU) 2017/745 and (EU) 2023/607

DIN 13277 Conformity

Directives and regulations Directive 2011/65/EC (ROHS II) Directive 2015/863/ EC (ROHS III)

Directive 2012/19/EC (RAEE) Regulation (EU) 517-2014 (F-gas) Regulation (EU) 1907-2006_REACH

Available certificate MDD CF

Non-flammable, non-explosive, non-corrosive, with adequate air **Application environment**

exchange

Accessories available on request

Converter module type 4-20mA (this accessory excludes the installation of the GSM module) Wi-Fi module Plug-in module to connect to, monitor and manage the refrigerative wirelessly Annual monitoring service, Cloud based, featuring the notification alarms and failures from pc thanks to a dedicated app, including S messages and emails, also allowing the full download of recorded days and interest to the access to historical data and to preserve equipment status. It allows the creation and export of temperating graphs of selected periods or of specific hours. A single license enable of the refrigerators. **Toronto The GSM module** **Proceded The GSM module** Annual monitoring service, Cloud based, featuring the notification alarms and failures from pc thanks to a dedicated app, including S messages and emails, also allowing the full download of recorded days. **Monitoring system allowing the supervision of one or sever refrigerators thanks to the access to historical data and to present a graphs of selected periods or of specific hours. A single license enable of the periods of the refrigerators. **Toronto The GSM module** **		•
Wi-Fi module Plug-in module to connect to, monitor and manage the refrigera wirelessly Annual monitoring service, Cloud based, featuring the notification alarms and failures from pc thanks to a dedicated app, including S messages and emails, also allowing the full download of recorded de Monitoring system allowing the supervision of one or severefrigerators thanks to the access to historical data and to prese equipment status. It allows the creation and export of temperating graphs of selected periods or of specific hours. A single license enable the connection of up to 100 refrigerators installed in the same build and connected to the same net (e.g., a hospital). Solid type door Plexiglas front panel for extractible drawer Castors kit with brakes Internal Socket (no.1) 35 mm access port with stopper Port hole mm 15 Tray for automatic evaporation of condensate water Humidity sensor PTI00 sensor with free contacts Mains voltage stabilizer Non-standard plug and cable Power 220V/60Hz Power 115V/60Hz	GSM module	Plug-in module to notify on mobile phones, via sms, overall monitoring, alarms and failures of the refrigerator
### PROCCHETTI COLD EYES cloud monitoring wirelessly Annual monitoring service, Cloud based, featuring the notification alarms and failures from pc thanks to a dedicated app, including S messages and emails, also allowing the full download of recorded did Monitoring system allowing the supervision of one or sever refrigerators thanks to the access to historical data and to preserve the state of the same and the connection of the supervision of one or sever refrigerators thanks to the access to historical data and to preserve the second of the same section and export of temperate graphs of selected periods or of specific hours. A single license enable the connected to the same net (e.g., a hospital). #### Solid type door Plexiglas front panel for extractible drawer Castors kit with brakes Internal Socket (no.1) ### Some access port with stopper Port hole mm 15 Tray for automatic evaporation of condensate water Humidity sensor PTI00 sensor with free contacts Mains voltage stabilizer Non-standard plug and cable Power 220V/60Hz Power 115V/60Hz	Converter module type 4-20mA	(this accessory excludes the installation of the GSM module)
FIOCCHETTI COLD EYES cloud monitoring alarms and failures from pc thanks to a dedicated app, including 5 messages and emails, also allowing the full download of recorded did Monitoring system allowing the supervision of one or sew refrigerators thanks to the access to historical data and to press equipment status. It allows the creation and export of temperate the connection of up to 100 refrigerators installed in the same building and connected to the same net (e.g., a hospital). Solid type door Plexiglas front panel for extractible drawer Castors kit with brakes Internal Socket (no.1) 35 mm access port with stopper Port hole mm 15 Tray for automatic evaporation of condensate water Humidity sensor PT100 sensor with free contacts Mains voltage stabilizer Non-standard plug and cable Power 220V/60Hz Power 115V/60Hz	Wi-Fi module	Plug-in module to connect to, monitor and manage the refrigerator wirelessly
FIOCCHETTI LAN SUPERVISOR refrigerators thanks to the access to historical data and to prese equipment status. It allows the creation and export of temperature that connection of up to 100 refrigerators installed in the same building and connected to the same net (e.g., a hospital). Solid type door Plexiglas front panel for extractible drawer Castors kit with brakes Internal Socket (no.1) 35 mm access port with stopper Port hole mm 15 Tray for automatic evaporation of condensate water Humidity sensor PT100 sensor with free contacts Mains voltage stabilizer Non-standard plug and cable Power 220V/60Hz Power 115V/60Hz	FIOCCHETTI COLD EYES cloud monitoring	Annual monitoring service, Cloud based, featuring the notification of alarms and failures from pc thanks to a dedicated app, including SMS messages and emails, also allowing the full download of recorded data.
Plexiglas front panel for extractible drawer Castors kit with brakes Internal Socket (no.1) 35 mm access port with stopper Port hole mm 15 Tray for automatic evaporation of condensate water Humidity sensor PTI00 sensor with free contacts Mains voltage stabilizer Non-standard plug and cable Power 220V/60Hz Power 115V/60Hz	FIOCCHETTI LAN SUPERVISOR	Monitoring system allowing the supervision of one or several refrigerators thanks to the access to historical data and to present equipment status. It allows the creation and export of temperature graphs of selected periods or of specific hours. A single license enables the connection of up to 100 refrigerators installed in the same building and connected to the same net (e.g., a hospital).
Castors kit with brakes Internal Socket (no.1) 35 mm access port with stopper Port hole mm 15 Tray for automatic evaporation of condensate water Humidity sensor PTI00 sensor with free contacts Mains voltage stabilizer Non-standard plug and cable Power 220V/60Hz Power 115V/60Hz	Solid type door	
Internal Socket (no.1) 35 mm access port with stopper Port hole mm 15 Tray for automatic evaporation of condensate water Humidity sensor PTI00 sensor with free contacts Mains voltage stabilizer Non-standard plug and cable Power 220V/60Hz Power 115V/60Hz	Plexiglas front panel for extractible drawer	
35 mm access port with stopper Port hole mm 15 Tray for automatic evaporation of condensate water Humidity sensor PTI00 sensor with free contacts Mains voltage stabilizer Non-standard plug and cable Power 220V/60Hz Power 115V/60Hz	Castors kit with brakes	
Port hole mm 15 Tray for automatic evaporation of condensate water Humidity sensor PTI00 sensor with free contacts Mains voltage stabilizer Non-standard plug and cable Power 220V/60Hz Power 115V/60Hz	Internal Socket (no.1)	
Tray for automatic evaporation of condensate water Humidity sensor PTI00 sensor with free contacts Mains voltage stabilizer Non-standard plug and cable Power 220V/60Hz Power 115V/60Hz	35 mm access port with stopper	
Humidity sensor PTI00 sensor with free contacts Mains voltage stabilizer Non-standard plug and cable Power 220V/60Hz Power 115V/60Hz	Port hole mm 15	
PTI00 sensor with free contacts Mains voltage stabilizer Non-standard plug and cable Power 220V/60Hz Power 115V/60Hz	Tray for automatic evaporation of condensate water	
Mains voltage stabilizer Non-standard plug and cable Power 220V/60Hz Power 115V/60Hz	Humidity sensor	
Non-standard plug and cable Power 220V/60Hz Power 115V/60Hz	PTI00 sensor with free contacts	
Power 220V/60Hz Power 115V/60Hz	Mains voltage stabilizer	
Power 115V/60Hz	Non-standard plug and cable	
	Power 220V/60Hz	
Wooden crate package	Power 115V/60Hz	
	Wooden crate package
